**Dear Friend,**

Optimum health and medical services is a goal every country should have and be able to achieve; the British Virgin Islands is no exception. The cost of health and medical services is increasing annually and we need your support.

**What can you do?**

Make a contribution that will go towards outfitting the New Peebles Hospital with the necessary equipment.

**How much can you give?**

No amount is too small or great to help realise the goal of optimum health care services.

**When can you give?**

The time is now! Your contribution will go a long way toward making our excellent health care services a reality.

This is why I urge you to seize this moment and support the New Peebles Hospital Pledge Programme. The Ministry of Health & Social Development and the British Virgin Islands Health Services Authority (BVIHSA) remain committed to achieving the goal of optimum health care services, but we cannot do it without you!

Please make a contribution to the New Peebles Hospital Pledge Programme today!

Sincerely,

Ronnie W. Skelton  
Minister for Health and Social Development  
Government of the Virgin Islands

## HISTORY OF PEBBLES HOSPITAL

In 1922, the Virgin Islands opened a two-room hospital in Road Town, Tortola called the Cottage Hospital. Eventually it was renamed after the founder, Major Peebles who helped countless persons in their time of need.

Major Peebles

With the assistance of volunteers and the generosity of the people through donations in the form of supplies, service and money over the decades, our healthcare services developed to what they are today.

Original Peebles Hospital  
formerly known as the  
Cottage Hospital

Over the years, the external works of the New Peebles Hospital have been completed at a high standard. Now we need your generosity to ensure that the hospital is outfitted with the state of the art equipment and technology that will offer the highest standard of affordable quality health care services in the Territory.

On 31st October, 2013 the Minister of Health and Social Development Honourable Ronnie W. Skelton accepted the keys to the new state-of-the-art Peebles Hospital making a major milestone for Virgin Islands health care. From our very humble beginnings, we as a Territory can celebrate these accomplishments because we did it together.
